

HOFFMAN PRODUCTS

A TPC WIRE & CABLE CORP. BRAND

Hoffman Products offers quality electrical components and wire bundling products that are UL listed, CSA certified, and RoHS compliant. In service for more than 50 years, we work to optimize your experience with quality products and exceptional service that includes swift response time, deep inventories, low minimums, competitive pricing, and customized kitting. Whether you need cable ties, connectors, terminals, tubing, or tools, Hoffman Products will make it happen with one fast and convenient shipment.

Twist-Ons

Splices

Tubular Lugs

Ring Terminals

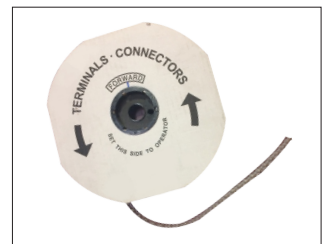

Connectors

Cable Glands For Hazardous Areas

Ferrules

Tape on Reel

Automated Crimping Machine

Terminal Kits

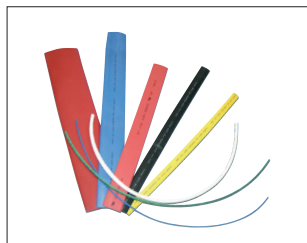

Terminal Blocks

Tools

Alligator Clips

Heat Shrink Tubing

Cable Ties & Accessories

Vulko-Wrap

HOFFMAN PRODUCTS LINE CARD

SPEED-E AND TAP SPLICE CONNECTORS

Quick and efficient wire connecting solutions that do not require any tooling.

SOLDERLESS TERMINALS & CONNECTORS

A complete line of copper and brass, insulated, non-insulated, high temperature and heat shrink insulated:

- Ring Terminals
- Spade Terminals
- Flanged Spade Terminals
- Flag Terminals & Disconnects
- Female & Male Disconnects
- Bullet Connectors
- Speed-Ease™ Connectors
- Butt Connectors
- Closed End Connectors
- Open Barrel Connectors
- Parallel Connectors
- Piggyback Connectors
- Tubular Lugs
- Housings: Male & Female Disconnects, 110 Tab & 250 Tab
- Metal Strip & Mylar Tape Mounted: Terminals, Connectors, Pin & Socket

CABLE GLANDS FOR HAZARDOUS AREAS

Armoured and Non-Armoured. Meets latest IECEx and ATEX standards.

FERRULES

Tin plated copper single connectors are available in non-insulated or insulated for use in terminal blocks to avoid direct contact with wire and avoid the possibility of wire strand breakage.

TAPE ON REEL / AUTOMATED CRIMPING MACHINE

Hoffman Products' automatic processing equipment provides economical, fast and safe crimping with advanced state of the art design. We carry a complete line of terminals on tape reel and metal strip mounted terminals and connectors for automatic or manual processing.

TERMINAL BLOCKS / TERMINAL KITS

The "Safe Wire" feature is designed with a stainless steel plate that closes over the wire to eliminate breakage of the wire strands and create a safe, secure connection. They are made from 6/6 nylon, making them durable, flame retardant and heat resistant. Wire sizes 20-8 AWG.

TOOLS

- Hand Tools — Plier Type & Ratchet Type
- Hydraulic Hand Tools
- Wire Cutters & Strippers
- Automatic Feed Crimping Machines

ALLIGATOR CLIPS

Copper and nickel plated, clips available with or without insulation: Standard, Charging Clips and Insulators.

HEAT SHRINK TUBING

Heat shrink tubing is designed to protect inline components, splices and disconnects. Used for jacketing, wire bundles, light duty harnesses, and identifying or color coding wire, cables, and terminal components.

CABLE TIES & ACCESSORIES

A full array of ties, mounts and clamps:

- Standard
- Heavy Duty
- Black UV
- Stainless Steel Self Locking
- Marker
- Releasable
- Beaded
- Mounts: Saddle & Push

VULKO-WRAP

Vulko-Wrap® is TPC's popular self-vulcanizing insulated wrap. Made of a specially compounded, synthetic silicone elastomer, this tape is resistant to oil, water, ozone and many chemicals. It has a high dielectric strength and can be used on all electrical connections.
